

Adventures Aloft Balloon Safaris Tarangire

LOCATION

Adventures Aloft Balloon Safaris flies over the spectacular Tarangire National Park in Tanzania.

Adventures Aloft in the Tarangire National Park flies from a takeoff site near Tarangire Sopa Lodge.

CAPACITY

Adventures Aloft has one A415 balloon from Cameron Balloons, with a flying capacity of 6 passengers each and is able to fly 16 passengers a day.

PILOTS

All pilots with Adventures Aloft are well experienced and are all commercially rated on the large size balloons.

BALLOON SAFARIS

Balloon flights typically take off at 6.30am. Passengers arrive in time to watch the balloon inflation as the pilots torch the colored fabric to life. The flight is for one hour, each one different path and following the days prevailing winds.

A Balloon flight allows passengers to float over the spectacular Tarangire National Park where you will find two of the 'Giants of African Wilderness': the Elephants and the Baobab Trees, and the others. On landing, the balloon crew set up a full champagne breakfast complete with "Bloody Marys" next to the Tarangire River. Each passenger then receives a certificate from their pilot as a special memoir of their flight.

A game drive en route to the lodge or camp ends a special morning.

BALLOON SAFARIS

Adventures Aloft is able to provide transfers from most of the camps and lodges in the Tarangire National Park both inside and outside.
