## Balloon Safaris:

Balloon flights typically take off at 6.30 am. Passengers arrive in time to watch the balloon inflation as the pilot torches the colored fabric to life. The flight is for one hour, the balloon takes its path following the prevailing winds. A Balloon flight allows passengers to float over the spectacular Tarangire game reserve, and it offers our passengers a bird's eye view of the wildlife in Tarangire National Park. On landing, the balloon crew set down champagne breakfast to celebrate a magical morning. All passengers receive a balloon certificate from their pilot.
